PATIENTS' FORUM

FOR THE LONDON AMBULANCE SERVICE

healthwatch
Hackney

PARADOC is a highly valued service in City and Hackney, which supports many people to get the best emergency and urgent care in their home, and prevents many admissions to the local Emergency Department in the Homerton Hospital. Dr Douglas Green will talk about the impact of Covid on the Paradoc service and how the Paradoc team has coped during periods of rising rates of infection. He will also discuss the possible developments to the Paradoc service and the prospects for the service to expand into other parts of northeast London.

Background

ParaDoc (City & Hackney) provides rapid assessment and treatment for acutely unwell patients who would otherwise be admitted to A&E or a hospital ward. The focus is on elderly, frail and complex patients. It also runs a morning falls service for people who have fallen and may be laying on the floor. ParaDoc comprises a GP with a Paramedic and involves local rapid responses with/Falls/Nursing/Palliative teams; Physiotherapists; Occupational therapists; Geriatricians and Social Services to help people manage better at home.
