The All Party Parliamentary Group on Stroke was established in early 2003 and is made up of MPs and Peers from all political parties. The purpose of the group is to raise the profile of stroke in Parliament and encourage action to ensure that stroke is both a national and local priority.

The All Party Parliamentary Group meet every three months to discuss developments in the stroke world, and what needs to be done to improve stroke services even further.

There are currently 76 members of the All Party Parliamentary Group on stroke:
